

2011 CRC Specialty/ARC National Specialty Parking Policy

There will be ample parking in the parking lot in the back of the Expo Center and starting on Monday, May 9th there will be a marked-off lot on the grassy area across the access road in front of the Expo Center. No one may park or mark off any area on that grassy area prior to Monday because of the ATTS testing that will take place there on Sunday, May 8th. The grassy area directly in front of the Expo building will be marked off and designated for **Show Committee Members ONLY**. (Committee members will have a pass, given to them by one of the show co-chairs, Laura or Sheila, with their name on it in the dash of their vehicle to avoid any confusion). **Please do not come early to mark off your parking spot as you will return to find it taken down. Anyone attempting to park in an area designated for committee members only will be asked to move or they will be towed.** Thank you for your cooperation.

NO Exhibitor Crating Policy

There is a **NO exhibitor crating in the Expo Center Building** during either specialty. This is a long standing CRC policy under our contract with the hotel and it will remain in effect during both shows. **If exhibitors opt to leave their dogs in their vehicles please ensure proper ventilation and plan on monitoring them frequently.**
